

# Change your home. Transform lives.

**'Our architect immediately put into words what we had been feeling about how to make the most of the stunning views surrounding our property. The house is now a light, airy and unified space.'**

Shirley, Buckinghamshire

**Architect in the House gives homeowners an hour's free consultation with an RIBA chartered architect.**

**In exchange, the homeowner donates £40 to Shelter, the housing and homelessness charity, so they can help less fortunate families find and keep a home.**

With an architect's help, you can make sense of your space, and bring your design ideas to life. In an uncertain housing market, why not unlock the potential of the home you're in?

**Sign up to Architect in the House from  
19 April 2010 at [architectinthehouse.org.uk](http://architectinthehouse.org.uk)  
Registration closes on 4 July 2010.**
